

CLUB DES BELUGAS Biography

2002 - 2021

Club des Belugas is one of the leading Nujazz bands in Europe, perhaps in the world. They combine contemporary European Electro, Lounge & Nujazz Styles with Brazilian Beats, Swing and American Black Soul of the fifties, sixties and seventies using their unique creativity and intensity.

Since 2002 they released 11 studio albums, a 2CD live album, a live DVD, 13 singles and 1 EP. The 12th studio album "How To Avoid Difficult Situations" will come out on 17th September 2021.

CHARTS:

in 2003 number 1 of the German Club Charts with the single "Hip Hip Chin Chin".

Many number 1 chart positions for the albums "SWOP", "Forward" and "Fishing for Zebras" on Amazon's Triphop charts and Traditional Jazz charts. Obviously wrong genre classifications from Amazon, but nice to mention though :)
